

Account and ID Management

[Expand all](#) [Collapse all](#)

Page Overview

Overview

On this page are links to articles that explain how to find and set up your Eagle Online and TTU domain account. Also, you'll find how to access your TTU email address using your TTU domain credentials.

If you are a first time user, start with [Setting up Eagle Online](#), followed by [Find Your Username](#), then [Setting up TTU Domain Account](#), and lastly [Accessing Your Student Email Account](#) or [Accessing Your Faculty or Staff Email Account](#).

Find Your Username

Find Your Username

This article guides you in finding your TTU username.

How to Submit Your EagleCard ID Photo

How to Submit Your EagleCard ID Photo

There's no longer a need to visit the EagleCard Office and have your picture taken. The new EagleCard allows for you to submit your own photo. This article instructs you in the photo requirements and how to submit it.

IDme Portal FAQ

IDme Portal FAQ

This article presents the frequently asked questions in regard to the [IDme](#) portal.

 You may also examine the [full, in-depth guide](#) yourself.

Setting up your Eagle Online Account

Setting up your Eagle Online account

With the introduction of [TechExpress](#), getting to Eagle Online is simpler than ever.

Setting up your TTU Domain Account Password

Setting up your TTU Domain Account password

Step-by-step instructions on how to set your TTU domain account. This will be the username and password you will use for logins such as campus email, iLearn, the parking portal, and other directory-reliant services (it does not, however, affect Eagle Online, which is a separate account).
