

Financial Aid Phishing - 9/04/2019

The below email is a perfect example of phishing. It mentions information on student financial aid, and how to apply with a simple click of a link. This link of course redirects you to a bogus site to steal your username and password!

Any financial aid will come from an official TTU source.

Student:

Fall semester is already right around the corner! See what student loan options are available to you now:

The [College Ave Student Loan](#) can help you get the money you need for college with a fast application and instant credit decision. To apply for this student loan, [click here](#).

The [Sallie Mae Smart Option Student Loan](#) has competitive interest rates and multiple repayment options. Get the money you need, and the flexibility you want. [Click here to apply](#).

Important Tip: When it comes to tuition and student loans, plan ahead and leave the stress for the classroom. If you have already applied for federal loans and exhausted sources of free aid such as grants, there's a full range of private student loans for students to consider. It's not difficult to make wise financial decisions when it comes to paying for your college education. To see a list of available loan options for your university, [click here](#)
